[From Our Regular Correspondent.] Washington, October 19 .- The case of Mr. Eustis, Democratic contestee from Louisiana, followed that of Mr. Spofford to-day to the Committee on Privileges and Elections. It went there, however, by consent of Senator Thurman, who withdrew his resolution that Eustis be at once sworn in, upon the request of Judge Davis, who said he was not fully acquainted with the facts in Mr. Eustis's case.

Only a very short debate was indulged in, but it elicited several expressions from members on the Republican side, which have led the Democrats to feel sure that Eustis will be seated when a vote is reached, and have induced them to hope that a Republican pressure will be brought to bear on the Elections Committee sufficient to induce them to make an early report in Eustis's case, at least. "I think

"EUSTIS WILL BE SEATED IN TEN DAYS," said Senator Ransom. He is perhaps more sanguine than most of his colleagues, but many of them believe to-day that Eustis will be scated this session. Republicans are trying to extract a little comfort from the fact that Judge Davis was not willing to vote to-day on Eustis's case; but it really signifies nothing, as Davis was not in the Senate merely said that he wanted to be a little igainst Eustis.

The case of Mr. Eustis differs materially from that of Spofford. Eustis was elected by the so-safled Wheeler Legislature. His motion was offered by Mr. Hoar, and was claim was antagonized by Morton on the adopted unanimously. ground that Pinchback had been previously elected, and there was no vacancy. Important one, so far as the city of Richmond, and, indeed, the State at large, is concerned, than any we have recently had. Actuated by a sincere desire to have the city represented in that body by safe and efficient men, and trusting that you may be willing again to spare some of your time to the public good, to which you would now bring the same qualifications which the people of the city recognized in your former election, with the addition of experience in the service expected at your hands, we desire that you place your name before the Conservative voters of the city for nomination for the next House of Delegates. the Ohio Valley, cloudy, rainy weather, warm southerly winds, and falling barometer, followed by rising barometer and colder northerly winds.
